#REROUTETOCLOUD

Cloud & DevOps Expert Program
With Assured Job Opportunities

IF YOUR
9 TO 5

FEELS LIKE...

IT'S TIME TO
BREAK THE
PATTERN

Let's be honest — some careers don't feel like growth.
They feel like a loop. No challenges, no learning, no spark.

But here's the truth: It's not your potential that's stuck — it's the
direction you're headed.

#REROUTETOCLOUD

Cloud & DevOps professionals are in high demand and the
opportunity is real. This isn't about starting over. It's about
rerouting and fast-tracking to a career where Mondays
actually excite you.

Cloud is the Future.

And the Future is Hiring.

By the Numbers:

Cloud Careers Are Skyrocketing

\$1.8 TRILLION

That's how big the global cloud computing market is projected to grow by 2030.

(Source: Fortune Business Insights)

27 LAKH JOBS

India is expected to add over **2.7 million cloud jobs** by 2025.

(Source: IDC Report)

₹5 TO ₹18 LPA

The average salary range for Cloud and DevOps professionals

(Source: NASSCOM)

Pro tip:

With certifications and experience, this number goes even higher.

67%

 of **Cloud Jobs Stay Empty**

Yes, you read that right.

Over two-thirds of cloud roles remain vacant due to a **lack of skilled professionals**.

(Source: Nasscom-AWS Report)

DevOps job postings in India have increased by

40%

 year-over-year indicating a significant surge in demand.

HIRING

Cloud & DevOps Expert Program with Job Assurance

**A smarter way to learn.
A assured path to get hired.**

Your journey starts with experiential learning through live, mentor-led sessions. You'll train hands-on with 20+ industry tools and work on real-world capstone projects that build your confidence and portfolio.

Along the way, you'll earn 3 globally recognized certifications from Microsoft and AWS — credentials employers trust.

By the time you finish, you're not just skilled — you're certified, project-ready, and backed by a team that gets you interview-ready and connects you with 300+ hiring partners.

THE LEARNER JOURNEY

GET HIRED
GET CERTIFIED
TRAIN HANDS-ON
LEARN SMART

Learn Smart

Experience learning that's interactive, immersive, and outcome-driven.

Industry-Approved Curriculum

Our program follows an official curriculum approved by Microsoft and AWS, ensuring everything you learn is current, practical, and job-ready.

450+ Hours of Live Instructor-Led Sessions

Learn directly from certified Microsoft & AWS experts. Ask questions, interact with peers, and gain clarity through guided practice.

3 Real-World Capstone Projects

Each project is carefully designed to reflect the kind of problems you'll face on the job, helping you build confidence, credibility, and a portfolio that speaks louder than a resume.

Here's what you'll work on:

Scalable Infrastructure **on AWS**

Application Deployment **on AWS**

Azure-Based. E-commerce Architecture

150+ Hours of Hands-on Labs

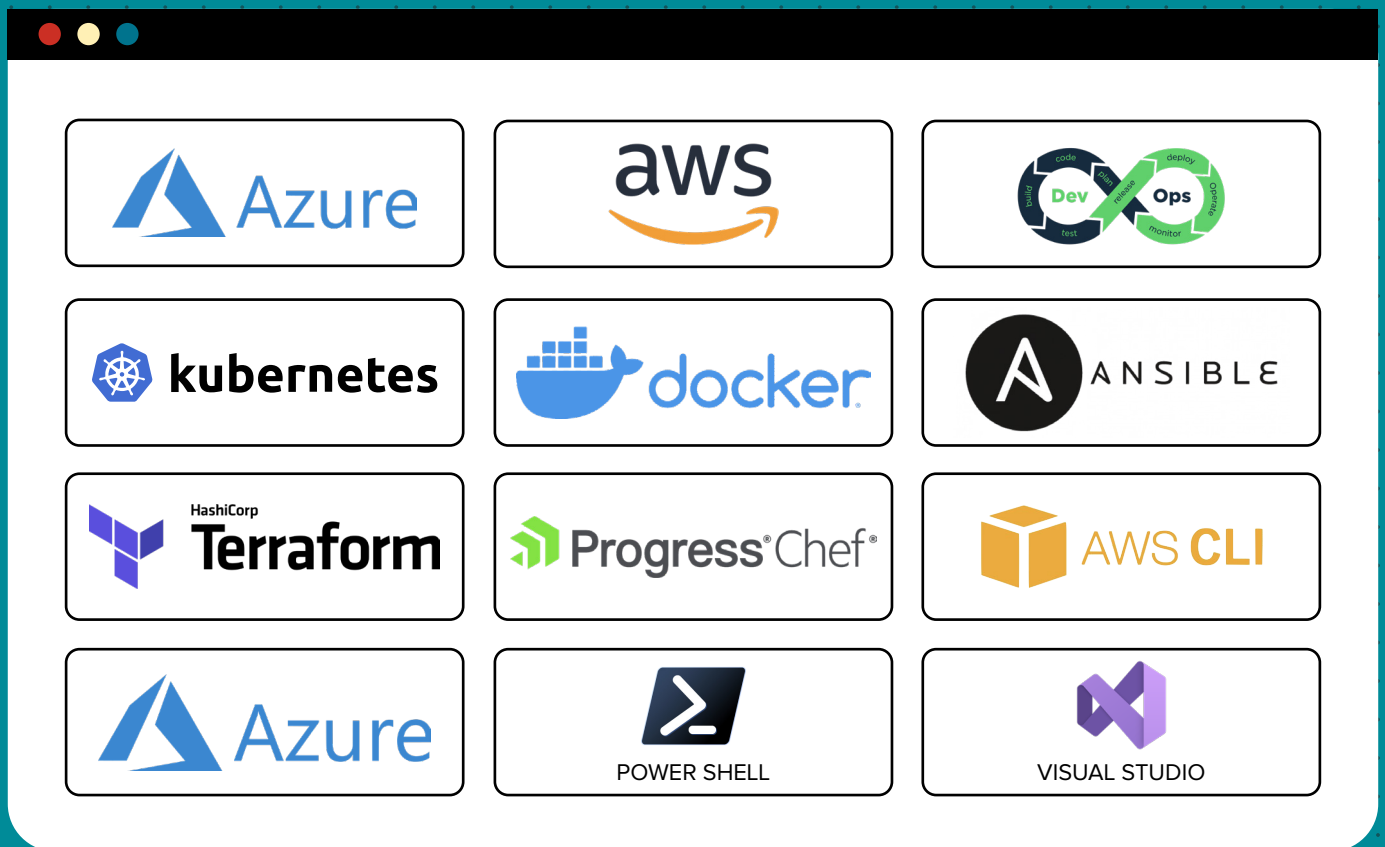

Move from passive learning to active skill-building. Every concept you study is reinforced with practical exercises that simulate real-world cloud environments.

Train Hands-on

Turn theory into skill with real-world, practical experience.

20+ TOOLS & TECHNOLOGIES

Get Certified

Your certification journey is built in — you don't need to apply separately or pay extra. From day one, you're on track to earn globally recognized certifications, seamlessly integrated into the learning path.

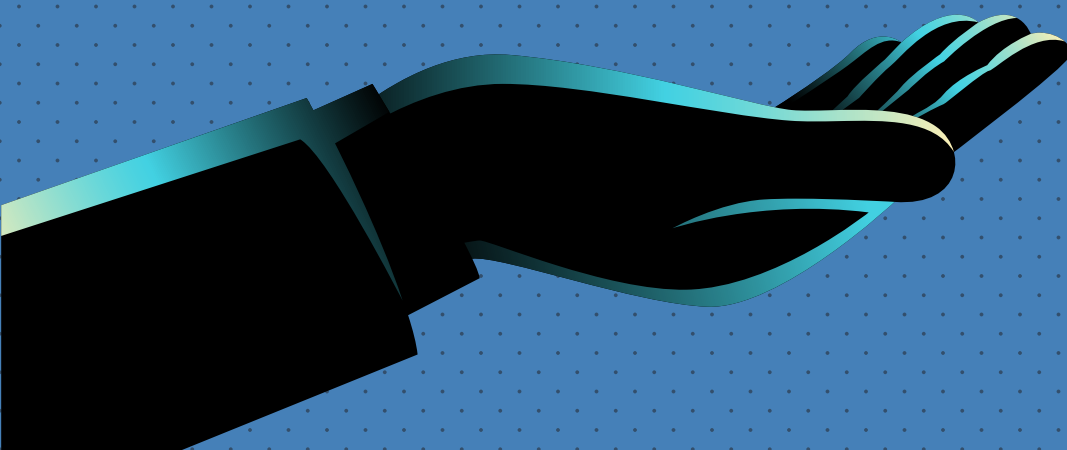

Microsoft AZ-104: Azure Administrator Associate

Microsoft AZ-900: Azure Fundamentals

AWS Certified Solutions Architect – Associate

Get Hired

Step into your next role with confidence and career clarity.

DEDICATED PROGRAM MANAGER

One-on-one support to guide your learning, keep you on track, and prepare you for success.

RESUME BUILDING & MOCK INTERVIEWS

Craft a job-winning resume and practice with experts to ace real interviews with confidence.

300+ HIRING PARTNERS

Tap into a powerful network of hiring partners — from fast-growing startups to leading global tech firms.

Built Around You

Because the best learning happens when it works with your life, not against it.

Small Batches, Big Impact

Personalized attention that makes your learning more focused and effective.

Flexible Timings, Real-Life Fit

Learn on your schedule — with weekday and weekend batches designed for working professionals and busy lives.
